FOURTH LOAN QUOTA IS \$38,400; PARADE AND AIRPLANE FLIGHT TO OPEN CAMPAIGN

Schedule of Events:

Campaign will open Saturday morning, Sept. 28.

Airplane flight over Sierra Madre Saturday, 9 a.m. Watch for the dodgers to be dropped.

Auto parade Saturday at 10 a.m., headed by Sierra Madre band.

Liberty Sunday observance in Congregational Church Sunday evening, 8 o'clock.

Mass meeting, Woman's Club House, Wednesday evening, October 2.

While the Fourth Liberty Loan Campaign is not scheduled to start until tomorrow, it really began in Sierra Madre Wednesday evening, at the meeting of volunteer workers held in the kindergarten building of the public school. About thirty-five men were present to receive assignments from Chairman F. W. Nuetzel and organize the various district committees.

There was no hiphoo-ray about the meeting—the spirit of the gathering was rather that of taking it for granted that Sierra Madre will maintain her high record without any fuss being made over it.

Campaign Organization

F. W. Nuetzel is chairman of the Liberty Loan Committee. C. W. Jones is vice chairman and has charge of the work of the speakers' bureau. George B. Morgridge has charge of the publicity for the campaign. As usual the canvass is built largely around the work of C. W. Forman who provides the carefully tabulated and classified list of all residents in Sierra Madre.

The same district system will be used as in previous campaigns. The dividing line between districts will be the center of the streets named. The district committee assignments will be as follows:

District No. 1: W. W. Collins, Chairman, Mrs. J. T. Mason, F. J. Sokol, Mrs. W. E. Walker, N. L. Rouark. Territory north of Central and west of Lima.

District No. 2: K. M. Walker, Chairman, A. T. Gay, N. W. Tarr, Carl Young. Territory between Lima and Auburn, north of Central.

Team No. 3: C. S. Kersting, Chairman, Robert Mitchell, D. C. Ashmore, Rudolph Hartman. Territory north of Central between Auburn and Baldwin.

District No. 4: J. N. Hawks, Chairman, H. W. Sander, F. L. Dennison, John Boyd, A. M. Udell. Territory north of Central between Baldwin and Mountain Trail.

District No. 5. Boy Scouts. Territory north of Central and east of Mountain Trail.

District No. 6. Clinton Nourse, Chairman, C. C. McIntyre, W. S. Andrews, G. L. Kelley, E. F. Ballou. Territory south of Central and west of Hermosa.

District No. 7. J. D. Mackerras, Chairman, E. L. Yerxa, G. C. Rodell, Frank Spencer, J. M. Hooker. Territory south of Central between Hermosa and Baldwin.

District No. 8. C. W. Forman, Chairman, W. S. Hull, W. C. Lynch, F. L. Merrill, George A. Oswald. Territory south of Central and east of Baldwin.

Plan of Soliciting

The idea of conducting the

present campaign without solicitation was considered carefully and given up. The principal argument against it is the number of our residents who transact business elsewhere and are likely to yield to solicitation to buy their bonds where they do business unless the claims of Sierra Madre are presented to them.

It is not expected that solicitors will spend much time arguing or doing educational work in this campaign. The time when that should be necessary is long past. There is less excuse for slackers now than ever before.

Novel Airplane Stunt

Sierra Madre will be "bombed" tomorrow morning by an airplane from the Arcadia balloon school. One of the dodgers to be dropped from the plane will be worth five dollars to the finder who brings it to the mass meeting next Wednesday evening.

This novel advertising scheme for the mass meeting is the idea of Chairman Nuetzel and the \$5 is contributed by the First National Bank. The dodgers will be numbered from 1 to 1000. At the mass meeting there will be a drawing and the numbers will be read off as drawn. If the first number drawn is not held by some one present the drawing will be continued until a number is found which can be matched by a dodger in the hands of one of the audience. This person will be entitled to a credit of \$5 on their first payment on a bond of the Fourth Liberty Loan. It is expected this novel plan will attract a great many people to the meeting.

Leslie B. Henry Coming

The speaker for the meeting on next Wednesday evening will be Leslie B. Henry. No other announcement is really necessary to ensure a large crowd. Mr. Henry is one of the most popular of speakers with Sierra Madre audiences, by reason of his talks here during previous campaigns.

Headquarters at Garage

Campaign headquarters will be maintained in the show room of the Sierra Madre Garage, use of which was kindly offered by Mr. and Mrs. Milton Steinberger. A telephone will be installed and some one will be in attendance every day to assist solicitors give out information and receive subscriptions.

Liberty Bonds or German Bondage.

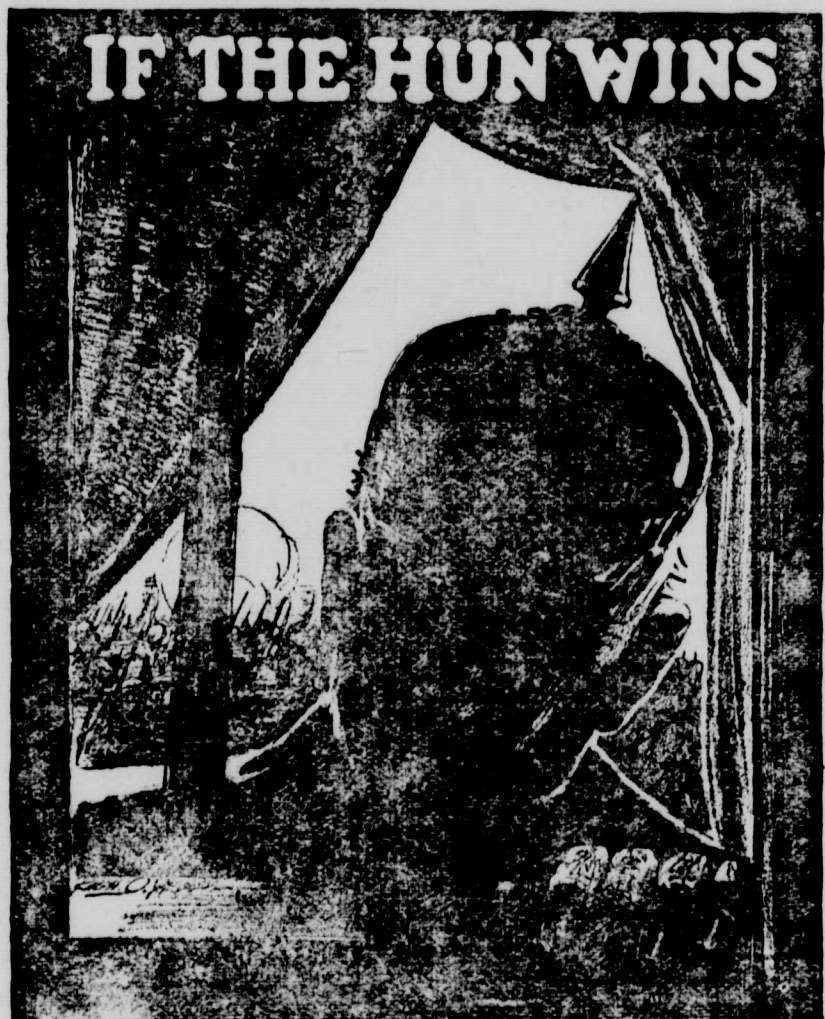

MITCHELL APPOINTED DRAFT ADVISOR

Robert Mitchell has been appointed a member of the legal advisory board to assist draft registrants in filling out their questionnaires. E. W. Camp was already a member, serving during the period of the previous registration.

Sierra Madre men are still receiving their questionnaires and the mailing will continue until completed. Registrants who require assistance in filling out their questionnaires should communicate with one of the advisors and make an appointment, as both have their offices in Los Angeles and cannot always be reached in Sierra Madre.

The more bonds you buy the fewer boys will die.

Keep Him From Your Home

You won't have to buy Liberty Bonds

The climax of a recent thrilling story of a German who masqueraded as a British officer is the exposure of the spy through his typically Teuton touch in kicking the face of a servant whom he had knocked down.

"You might have knocked him down and been British," said the man who turned him over to the firing squad, "but not the rest of it."

Myriad undisputable instances of Hun bestiality unrestrained show him to have exhausted all imaginable possibilities of brutishness in his treatment of his war victims.

Oversubscribe your quota of Fourth Liberty Loan bonds and help throw the German army back across the Rhine where its own people may have a taste of its "will to power".

FALL CONVOCATION NEXT SUNDAY

Home-coming Service and Liberty Loan Talk at Congregational Church

Re-uniting on Sunday next after three months of lesser religious activity incident to the vacation season coupled with the pastor's prolonged absence from the pulpit, the members and friends of the Congregational Church will attend a fall Home-coming service at eleven o'clock. This will mark the opening of the fall activities of the church in earnest.

Mr. Wilson announces a convocation sermon on "The New Face at the Window." Special music is being prepared for the occasion.

Evening services will be resumed at 8 o'clock. Alan R. Tillinghast, an orator of Los Angeles, has been secured to deliver a patriotic address, signaling the opening of the campaign for the Fourth Liberty Loan. Mr. Tillinghast was invited on the recommendation of Leslie B. Henry who considers him one of the most powerful speakers now dealing with war questions. The public is invited, of course.

Freemen buy bonds; slaves wear them.

CHRISTMAS PRESENTS VIA THE RED CROSS

Uniform Containers to be Furnished and Packages Sent Through Local Chapter

Christmas presents for the American soldiers in Europe will be limited to one package to each man, according to army regulations just issued. These must be sent through the Red Cross, according to preliminary announcement just received by Chairman J. D. Mackerras.

Coupons bearing the names of soldiers will be forwarded by the army overseas to the persons in-

REV. F. W. GOODMAN GOES TO NEW YORK

Rector of Ascension Parish Will Hold Farewell Service Next Sunday Morning

The Rev. F. W. Goodman will conduct his last services next Sunday as Rector of the Church of the Ascension. At the eleven o'clock service, which will be a celebration of the Holy Communion, he will take farewell of his congregation.

Next Monday Mr. Goodman will leave for New York, having accepted a call to the rectorship of St. Mary's Church, New York City. He was disappointed at being unable to go to England to undertake war service, owing to the rigorous restriction now being imposed on ocean travel.

In the nine months of his service with Ascension church Rev. Mr. Goodman has won a large number of friends, not only among his parishioners but among townspeople generally, who learn of his approaching departure with keen regret.

Bonds speak louder than words.

dedicated in the records as "next of kin." These coupons will entitle the holder to obtain from the Red Cross a uniform carton in which the Christmas present must be sent. These containers will be 9x3x4 inches, it is said. All friends and other relatives wishing to send a remembrance to any soldier will have to make arrangements with the member of his family receiving the official coupon and container.

This arrangement was the result of a series of conferences at which several plans were discussed, including that of no overseas Christmas packages at all. The plan adopted was a compromise.

It is promised that coupons and cartons will be furnished in ample time to ensure arrival of the packages by Christmas.

SUGAR IS RETURNED TO E. WALDO WARD

Federal Investigation Showed It Was Held for Legitimate Manufacturing Use

Sugar amounting to nearly 1,000 pounds was returned to E. Waldo Ward by the federal authorities after an investigation demonstrated that he held it for legitimate manufacturing purposes. The sugar was seized on a "hoarding" charge, though no complaint was formally entered against Mr. Ward.

Mr. Ward submitted his accounts to the federal officials, showing the extent of the business which he has built up in the making of a high grade of orange marmalade for the fancy grocery market. People who knew Mr. Ward well refused to believe that he was guilty of unpatriotic methods or of intentional evasion of the food regulations and many expressions of satisfaction were heard on the report that he had been exonerated by the authorities.

LOCAL FARE RAISE MEETS DISAPPROVAL

Ten Cent Rate Inside the City Limits Will Eliminate Local Traffic

No feature of the new Pacific Electric rate schedule which went into effect last week has so aroused the patrons of the Sierra Madre line as the charge of ten cents for rides of a few blocks within the city limits.

In the course of a month a considerable number of passengers have been carried locally, chiefly between Sunnyside and Baldwin Avenues. If it was the expectation of the rate-making experts to increase the revenue of the company by the new rates they missed their guess on that item. The ten-cent rate will simply eliminate that class of business. It is understood the company was granted permission to impose a minimum charge of ten cents on all inter-urban lines.

One Rate Lower

One-way and round-trip rates between Sierra Madre and Pasadena are the only ones lowered under the new schedule. They are now 18 and 31 cents respectively, instead of 20 and 30 cents.

Commutation tickets to the Pasadena high school will cost \$3.16 now.

Los Angeles Rates

Between Sierra Madre and Los Angeles, the prices of the various classes of tickets are as follows:

10-ride book, good for 90 days, \$2.71.

30-ride book, good for 90 days, \$6.46.

60-ride book, good for 40 days, \$7.93. These may be purchased at any time during the month and take the place of the old 52-ride books good only for the calendar month. Commuters figure that while the cost per day will be about 2 cents higher, the greater latitude in use will allow them to break even with the old rate.

Round trip, 70 cents; one-way, 41 cents.

Dr. May Janet Culbertson of Long Beach has rented the bungalow at 193 West Central and will move there October 1. Dr. Culbertson is an Osteopathic physician with medical training and will practice here, maintaining office quarters at her residence.

It's billions for defense or indemnity.

TRUSTEES TAKE UP HIGHER FARES

Ten-cent local fares within the city limits of Sierra Madre which have aroused the ire of a number of citizens within the last few days, came in for a round at last night's meeting of the city trustees. The matter was brought up by City Clerk Ballou, "as a citizen," and his protest seconded by others who had heard of the advance.

Lacking definite data on which to outline a course of action the matter was referred to City Attorney Baker for investigation. The advance went into effect apparently with the general advance in Pacific Electric rates, but took local people entirely by surprise.

It took time to get a quorum of the trustees together, Trustees Tarr and Holabird being indisposed. After a series of telephone negotiations, Trustees Saunders and Webster succeeded in prevailing on Chairman Mitchell to come down and make up the quorum.

Mr. Lewis of the Byron Jackson Iron Works was present to confer regarding outstanding payments on the new pumps, no money being available now. He consented to postponement, if necessary until the new tax funds become available, which will probably be in December.

Street Superintendent Udell was authorized to purchase the necessary material for replacing rotting plank tops of some of the box culverts with reinforced concrete. Trustee Saunders declared the first cost would be less than to use wood, not to mention the advantage of permanence.

RED CROSS WORKERS RECEIVE HEAVY CALL

Special Demand Will Require Big Week's Output By Chapter

Red Cross workers in Sierra Madre are asked to complete a quota of 100 day shirts within a week. They have just been received and if the demand is to be met without crippling work of other departments the assistance of a large number of workers will be needed.

More Clothes Needed

Clothing for the Belgians has been coming in to the chapter rooms in gratifying quantity, though a large amount must yet be contributed if the local quota of 1,000 pounds is to be filled. These articles of clothing must be brought to the rooms not later than next Monday afternoon. A full list of articles needed as well as things not desired was printed in last week's News.

Belgian Linen Shower

Chairman Mackerras received this morning notice of a "linen shower" for Belgian relief, to begin next Monday. The quota for this chapter is 28 bath towels 19x38 inches, 56 hand towels 18x30 inches, 38 handkerchiefs 18x18 inches, 3 napkins 14x14 inches, 18 sheets 64x102 (heavy unbleached muslin only, with 2-inch hem at top and 1-inch hem at bottom.)

The Modern Priscillas will hold their first fall meeting next Thursday, October 3, at the home of the president, Mrs. George B. Morgridge, 19 West Live Oak Ave.

Last Words of Rulers.

The ancients had an ear for last words, and among the reputed farewells of Roman emperors there have been handed down Nero's cynical, "What an artist the world is losing in me!" Julian's cry of surrender, "Thou has conquered, O Galilean!" and Vespasian's ironic, "I feel myself becoming a god."

Fight For Honor.

Think well about great things; and know that thought is the only reality in this world. Lift up nature to thine own stature; and let the whole universe be for thee no more than the reflection of thine own heroic soul. Combat for honor's sake; that alone is worthy of a man. And if it should fall to thee to receive wounds, shed thy blood as a beneficent dew, and smile.—Cervantes.

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes the appeal with the greatest confidence because it knows that every day it is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential requirement. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America, besides, have from the first and are now dedicated both their lives and their fortunes to the vindication and maintenance of the great principles and objects for which our Government was set up. They will not fail now to show the world for what their wealth was intended.

NEW BRAND OF

The newest brand of humor is "made in Germany." Many examples might be cited, and a large output may be expected in future. One of the latest cases is the Berlin announcement that the St. Mehl salient had been virtually abandoned before the Americans attacked.

AFRAID OF THE

When Heney was finally ruled off the ballot it is said some of the Democrats considered running E. L. Doheny, the oil man, as an independent. The plan to change from Heney to Doheny is said to have been killed by the fear that some unkind person would make a joke of the prefixed syllable and spell it "dough."
